NL111-DT1

- długość 3m
- napięcie 12V
- przekaźnik 40A
- bezpiecznik 30A
- włącznik
- jeden obwód
- maks. moc 240W

- Overall length 3m
- 12V voltage
- 40A relay
- 30A fuse
- switch
- one circuit
- 240W max power

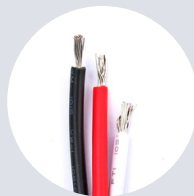

NL222-DT2

- długość 3m
- napięcie 12V
- przekaźnik 40A
- bezpiecznik 40A
- włącznik
- dwa obwody
- maks. moc 150W

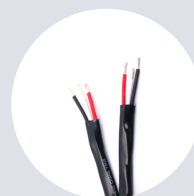

- Overall length 3m
- 12V voltage
- 40A relay
- 40A fuse
- switch
- two circuits
- 150W max power

NL555-DT1

- długość 3m
 - napięcie 12V
 - przekaźnik 40A
 - bezpiecznik 40A
 - włącznik
 - jeden obwód
 - maks. moc 300W
- Overall length 3m
 - 12V voltage
 - 40A relay
 - 40A fuse
 - switch
 - one circuit
 - 300W max power

NL556-DT2

- długość 3m
 - napięcie 12V
 - przekaźnik 40A
 - bezpiecznik 40A
 - włącznik
 - dwa obwody
 - maks. moc 300W
- Overall length 3m
 - 12V voltage
 - 40A relay
 - 40A fuse
 - switch
 - two circuits
 - 300W max power

* Podane moce są wartościami maksymalnymi podanymi przez producenta

* Given power is the maximum value provided by the manufacturer

Zdjęcia są wyłącznie poglądowe, mogą się nieznacznie różnić od faktycznego produktu zamieszczonego w katalogu.

Pictures visible in the catalogue are placed for the comparative purposes only. The proper products may occur slightly different.

Produkty emitują światło o dużym natężeniu, które może spowodować uszkodzenie wzroku – nie należy kierować wiązki światła bezpośrednio w stronę oczu.

All lamps emitate high intensity light that may lead to a serious eye injury – do not look directly on the light source.
